COACHING COMMITMENT

In order to provide the best experience for our boys and girls a minimum amount of time must be committed to the team you would be assigned to coach. This commitment includes:

1. Mandatory attendance at a pre-tournament coaches meeting (except tee-ball).
2. Baseball and softball coaches are encouraged to complete a Cal Ripken certification course prior to the start of the practice season.
3. Understanding that the skills to be taught to our players will be done in a fashion consistent with OYO instructional guidelines. These guidelines are based on the best methods utilized by local middle school and high school programs. Some of these methods may be different than past methods you are used to, but have been adopted and adapted to best prepare our young athletes for school level play. This consistent approach will also reduce the confusion when a child moves from one team to the next.
4. Conduct effective practices during pre-season and during the regular season. Helpful programs, skill development exercises, and effective coaching strategies will be presented at coaches clinics.
5. Teach and promote good sportsmanship among the players, coaches, and parents.
6. Coach to the best of one's ability with the sole purpose of the advancement and enjoyment of the kids participating within the OYO program.
7. Coaches will be required to umpire games during first four weeks of the season (except tee-ball).
8. Coaches will be required to complete year-end player evaluation of each player on their team.

I have read and understand the expectation of OYO and agree if selected to participate as presented in above commitment and agree that the information provided in this application is truthful. Background checks will be required for all head coach applicants. The OYO Executive Board reserves the right to not allow one convicted of a crime to coach at OYO.
